c. Nothing in this chapter shall be construed to prevent the extension of the Corridor Overlay Zone into other counties by adoption of similar legislation for such counties, and upon adoption of such legislation this act should be amended to provide for participation by representatives of that county or those counties on the Board of Commissioners by the appointment of additional members of the Board from either that county or those counties, and by providing for the governing body of such county to serve in all respects as the governing body for the development in such county.

e. If any of the provisions of this act or the application thereof to any person or circumstance is held invalid, the invalidity does not effect the other provisions or applications of this act which can be given effect without the invalid provision or application, and for that purpose the provisions of this act are separable.

SECTION 14. Ratification.

This act shall have no effect unless it is approved by a two-thirds vote of the County Governing Body and a two-thirds vote of the Municipal Governing Body. Its approval or non-approval shall be proclaimed by the presiding officer of the each governing body.
