RESOLUTION NO. 26
TO THE HONORABLE KEITH WESTMORELAND, COUNTY EXECUTIVE, AND THE MEMBERS OF THE
SULLIVAN COUNTY BOARD OF COMMISSIONERS IN REGULAR SESSION
THIS THE 21ST DAY OF SEPTEMBER . 1987 .
RESOLUTION AUTHORIZING DEPARTMENT OF TRANSPORTATION PROPOSES TO CONSTRUCT
PROJECT NO. BRS-37(4), 82007-2211-94,SR-37, BRIDGE OVER SOUTHERN RAILROAD, L.M. 3.16
WHEREAS, TENNESSEE CODE ANNOTATED; SECTION . AUTHORIZES COUNTIES
TO
NOW, THEREFORE BE IT RESOLVED by the Board of County Commissioners of Sullivan County, Tennessee, assembled in Regular Session on the 21st day of September , 1987,
THAT The Department of Transportation proposes to construct a project designated as
NO. BRS-37(4), 82007-2211-94, SR-37, Bridge over Southern Railroad, L.M. 3.16, in the County
of Sullivan. The Department desires the cooperation of the County and requests that the
County agree to the following:
1. That in the event any civil actions in cross-eminent domain or for damages are instituted
by reason of the Department, or its contractor, going upon the right of way and easements,
and constructing said project in accordance with the plans and as necessary to make the
completed project functional, the County will notify in writing the Attorney General of the
State, whose address is Room 230,450 James Robertson Parkway, Nashville, Tennessee 37219,
of the institution of each civil action, the complaint and all subsequent pleadings, within
seven (7) days after service of each of the same, under penalty of defending such actions and
paying any judgements which results therefrom at its own expense; and
2. To close or other wise modify any of its roads, or other public ways as indicated on the
project plans, as provided by law; and
3. To transfer or cause to be transferred to the Department without cost to it, all land
owned by the county or by any of its instrumentalities as required for right of way or
easement purposes, provided such land is being used or dedicated for road or other public
way purposes; and
4. Where privately, publicly or cooperatively owned lines, facilities and systems for
producing, transmitting or distributing communications, power, electricity, light, heat, gas,
oil, grude products, water, steam, waste, storm water not connected with highway drainage, and
other similar commodities, including publicly owned facilities such as fire and police signa
systems and street lighting systems are located within the right of way of any road or
other public way owned by the county, or any of its instrumentalities, the county agrees that
it will take action necessary to require the removal or adjustment of any of the above
described facilities as would interfere with the construction of the project. But the fore-
going may not be a duty of the county since it shall become operative only after the
Department has been unsuccessful in its efforts to provide for said removals or adjustments

for the benefit of the county.

The foregoing does not apply to	those utility faciliti	les which are owned	by the County
or one of its instrumentalities	it being understood t	that the County has	the duty to
relocate or adjust such facilit	es, if required, provi	ided the County is	notified to do so
by the Department with detailed	advise as to this duty	of the County; ar	d
5. That no provision hereof sha	ll be construed as cha	anging the maintena	ınce
responsibility of the County for	such part of the proj	ject as may present	ly be on its
highway, street, road or bridge	system; and		
6. That the project plans here	nbefore identified by	number and descrip	otion are
incorporated by reference and s	all be considered a pa	art of this proposa	al, including
any revisions or amendments, pro	vided a copy of each	is furnished the co	ounty.
